

K-LOVE has given many people that I know in my community a positive way of thinking. I for one start my day listening to K-LOVE. It makes me think of the good things in life and puts a smile on my face. Therefore, my day has a great start with my positive attitude. Our community would be devastated if we lost K-LOVE due to a LPFM station. As far as I'm concerned, listening to K-LOVE is a necessary part of my life as well as others in my community.
